### **Achtung!**

Technische Geräte stellen einen beträchtlichen Wert dar. Sie sollten daher bei der Installation vorsichtig mit den Komponenten umgehen und diese bei Bedarf schützen.

Auch sollte, falls nötig, der Installtionsbereich abgesichert werden. Herabfallende Teile können zu Verletzungen und Materialschäden führen.

Die im Lieferumfang enthaltenen Materialien sind unter Umständen nicht für die speziellen Gegebenheiten am Installationsort geeignet. Bitte prüfen Sie dies vorab und ersetzen Sie diese bei Bedarf durch geeignete Materialien.

Falls Sie Bezüglich der Installation des Produkts unsicher sind oder noch Fragen haben wenden Sie sich an uns oder anderes ausgebildetes Fachpersonal.

**GB**

### **Caution!**

Technical devices are of considerable value. You should therefore handle the components carefully during installation and protect them if necessary.

If necessary, the installation area should also be secured. Falling parts can cause injuries and material damage.

The materials included in the scope of delivery may not be suitable for the special conditions at the installation site. Please check this in advance and replace it with suitable materials if necessary.

If you are unsure about the installation of the product or have any questions, please contact us or other trained specialists.

Montieren Sie die VESA-Arme auf der Basis, wie in der oberen Abbildung gezeigt.  
Bitte beachten! Für VESA 300 x 300 mm müssen die VESA-Arme gedreht werden - siehe untere Abbildung.

Mount the VESA arms on the base as shown in the upper image.  
Please note! For VESA 300 x 300 mm the VESA arms must be rotated - see lower image.

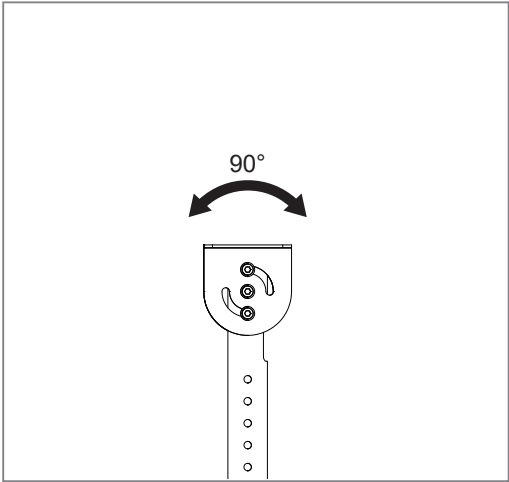

Verwenden Sie die Schrauben M-1 und lassen Sie ca. 5 mm des Gewindes frei.  
Haken Sie es über die Schlitz der Montageplatte ein und ziehen Sie die Schrauben anschließend fest.

Insert M-1 screws and leave approx. 5 mm of exposed thread.  
Hook it over the mounting plate slots and tighten the screws.

VESA: 100 x 100 | 200 x 200 | 300 x 300 | 400 x 200 | 400 x 400 | 600 x 400 mm
